

ESU course on 'Daily practice in the management of metastatic prostate cancer' at the occasion of the EMUC meeting

Place Amsterdam (NL)  
Date 8 November 2018  
Chair S. Joniau, Leuven (BE)

### **Aims and objectives**

This course addresses the daily practice in the management of metastatic prostate cancer in all relevant aspects. Both the treatment of newly diagnosed hormone-naïve prostate cancer and the treatment of metastatic recurrence following local treatment will be critically assessed for their ability to improve cancer control. The aim is to provide practical tips and tricks in the format of interactive case discussions, taking into account the most recent developments in the field.

- 09.00 – 09.05 European School of Urology: a unique possibility for urological education**  
S. Joniau, Leuven (BE)
- 09.05 – 09.10 Introduction and aims**  
S. Joniau, Leuven (BE)
- 09.10 – 09.40 Interactive case discussion: The role of imaging and biomarkers in the work-up and risk stratification of metastatic prostate cancer**  
G. De Meerleer, Leuven (BE)
- 09.40 – 10.10 Interactive case discussion: Optimization of systemic treatment in newly diagnosed hormone-naïve metastatic prostate cancer**  
T. Maurer, Hamburg (DE)
- 10.10 – 10.30 Break
- 10.30 – 11.00 Interactive case discussion: Treatment of the primary tumor in newly diagnosed hormone-naïve metastatic prostate cancer**  
S. Joniau, Leuven (BE)
- 11.00 – 11.40 Interactive case discussion: Metastasis-directed treatment in metastatic recurrence following local treatment of prostate cancer**  
G. De Meerleer, Leuven (BE)
- 11.40 – 11.55 'New kids on the block' in the treatment of metastatic prostate cancer**  
T. Maurer, Hamburg (DE)
- 11.55 – 12.00 Take home messages and close**  
S. Joniau, Leuven (BE)
